### Specifying Washed Eggs as Agricultural Products Obligated to Register and the Labelling Methods and Data Elements for Registration

1. This regulation is formulated in accordance with the provisions of Clauses 2 and 3 of Article 16 of the Agricultural Production and Certification Act
2. The traceability information for washed eggs supplied by designated agricultural product businesses to school campuses, military bases, convenience stores, supermarkets, hypermarkets, warehouse retailers, and online shopping platforms should be registered
3. Agricultural product businesses should register the following washed egg traceability information in the Taiwan Egg Stamping Traceability Management System prior to washing, distribution, and sale, and stamp the traceability code, packing date, and system of production code on the eggshell in accordance with item four of this regulation
  - i. Name of agricultural product businesses
  - ii. Contact phone number
  - iii. Location of production (county/township/city/district)
  - iv. The quantity of shell eggs purchased from the poultry farm. If the eggs are sourced from two or more farms, the quantity purchased from each farm should be registered separately
  - v. The quantity of washed eggs delivered.
4. The eggshell stamping method and content in the aforementioned item are as follows:

Stamping method	Stamping contents	
First line Traceability code	Digits 1-3:	Farm code
	Digits 4-6:	Washing facility code
Second line	Digits 1-6:	Packing date
	Digit 7:	Housing system

Packing date and system of production		O = Organic production F = Free range production B = Barn production E = Enriched cage production C= Conventional cage production
---------------------------------------	--	---

5. As of January 1, 2022, the contents of regulation no. 1100042006A Traceability Data Elements and Labelling Methods for Traceable Livestock and Poultry Products issued by the Council of Agriculture, Executive Yuan on January 15, 2011 no longer apply to the washed eggs specified in this regulation.
